1. The response filed 7/11/05 has been considered entered. Claims 18-26 and 32-40 remain in the application.

Claim Rejections - 35 USC § 112

2. Claims 18-26 and 32-40 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows:

The terms “fatty amides” and “oxidant” being part of the immersion silver plating solution are not found in the original disclosure of the continuing applications (08/939,656 and/or 08/567,885).

Applicant is requested to supply page and line numbers of the disclosure to support the inclusion of these term.

3. Applicant's arguments filed 7/11/05 have been fully considered but they are not persuasive.

Applicant stated that the terms “fatty amides” and oxidant” are supported in the specification and has supplied page and line numbers as requested.

The Examiner disagrees with Applicant. The specification does teach “amides” or “ethoxylated amides” (pg. 22, lines 13 and 15) but no recitation that these amides are “fatty amides”. Also, as noted by Applicant, the term “nitric acid” appears in the specification, however, the term “oxidant” does not. The claims, however, recite “oxidant” and not “nitric acid”.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
